LINCOLN LUNATIC ASYLUM.

SIXTEENTH REPORT.

The improved Plan of the Lincoln Asylum is completed, and the Governors can now have the satisfaction of witnessing in this Institution, the essential principles of sound construction secured, and as it were inscribed on the premises and soil : the errors of the original building and courts having been gradually modified and corrected, and every facility afforded for the mild and sound treatment of the patients. The tediousness of the process has been compensated by the time gained for experience and consideration ; and the cost compensated by the saving of human life and suffering which has resulted, under an able and zealous ministration.

Very nearly five years have now elapsed without a single instance of suicide; while in the preceding years no less than seven instances had occurred, viz. four (in the day time) between August 1821 and April 1833 inclusive, and three (in the night time) between July 1834 and May 1835 inclusive.

Among the various improvements, which have been effected in the last year, may be particularized—the removal of the projecting windows, by means of which four of these instances of suicide were effected—the substitution of boarded instead of flagged floors throughout the whole of the patients' departments—the enlargement of the airing courts to double their former size—the additional breadth of the flagged walks, by the use of spare flags for that purpose—the converting the former dining into sitting rooms—the thorough ventilation of the dormitories and other sleeping rooms.

In order to prevent the attendants being distracted from their special and peculiar duty, *The undivided care of their Patients*, a “Bedmaker” has been engaged for the dormitories and other watch rooms, with other lighter duties in the household, and the plan has been found very convenient.

To prevent any irregularity in the issue of the patients' Accounts, it has been directed that the

patients' Ledger as well as the house Ledger shall be made up weekly, so that an accumulation of book-keeping towards the end of the quarter, may not prevent the due issue of the patients Bills, with that minute details of items and charges, to which the friends of the patients are entitled.

The family of the late celebrated Dr. Willis has presented to the institution a valuable portrait, painted by the late Sir Thomas Lawrence.

* Meat has been substituted for Cheese in the diet of the Household since April 9, 1838.

† Milk has been substituted for Gruel in the diet of the Patients since May 6, 1839.

‡ 1100 Pecks of Potatoes were purchased in December, 1839, in store for the following year.

EXTRACTS FROM THE RULES.

BOARDS.

An *Ordinary Board* of the Governors is held Weekly at the Asylum, on Monday at *One o'Clock*.

A *General Board* of the Governors is held Quarterly on the second Wednesday of January, April, July, and October, at *Twelve o'Clock*.

ADMISSION OF PATIENTS.

The Ordinary Board regulates the admission of Patients.—The Forms of Admission, with other necessary information, are immediately supplied to applicants, by the Secretary or House-Surgeon.

The House-Surgeon, during the intervals of the Boards, may, on emergency, provisionally admit Patients who have complied with the necessary Forms, subject to the opinion of the Physician.

Where any difficulty occurs in conducting Patients to the Asylum, the Physician may send a confidential Attendant and needful Apparatus for the purpose; for which no charge is made beyond the expenses incurred.

The following are the usual terms for Board, Lodging, Attendants, and Medical Treatment.

| | £ | s. | d. |
|----------------------------|---|----|----|
| 1st Rank per week | 1 | 1 | 0 |
| 2nd Rank. ———— | 0 | 15 | 0 |
| 3rd Rank, Males ———— | 0 | 9 | 0 |
| ———— Females ———— | 0 | 8 | 0 |

Special Contracts may be made for extra Attendants and Diet.

A “Deposit of six weeks’ payment,” and a “Payment in advance up to the next Quarter Day,” are required with each Patient on admission.—The Friends may advance for any additional Quarters, if more convenient.—The Quarter Days fall on the first of January, April, July, and October, respectively.—On the removal or death of any Patient, the amount due to the institution is deducted, and the surplus returned.

OFFICIAL VISITING.

A “Governors’ Memorandum Book” shall lie upon the Board Room Table, for their remarks at such times as they shall think proper to visit the Asylum.

At each Quarterly General Board the Governors present or some of them, shall be requested to inspect the Asylum, and see every room and Patient, and report forthwith to the Board.

At each Ordinary Board, one of the Governors shall be appointed Visitor for the week next succeeding, to visit the Asylum daily if convenient, to see every Patient once at least in the week, to make any enquiries which may seem fit, and to enter his observations in the "Weekly Visitor's Book;" and no person whatsoever shall interfere to prevent the most minute examination of the Establishment.

OCCASIONAL VISITING.

Persons wishing to visit the Asylum, may be personally introduced by one of the Physicians, Surgeons, or Governors, or by the written order of a Governor; and the House-Surgeon may admit any respectable non-resident of Lincoln to see the Establishment, without a special order.

VISITS OF FRIENDS.

The Rules affecting the admission of the Patients' friends are appended to each Quarterly Account.

OFFICERS, SERVANTS.

No Officer or person whatsoever employed in this Institution, shall give to, or receive from any Tradesman, Servant, Patient, Stranger, or other person whatsoever, any fee, reward, gratuity, or present, directly or indirectly, for any thing done on account of the Asylum, on pain of expulsion; nor bargain with any patient for the sale, purchase, or exchange of clothing, food, or other article.

BOOKS, ACCOUNTS.

Any Governor may at all times inspect, extract, or copy, any Bills, Accounts, Journals, Registers, Minute-Books, or Documents whatsoever, provided that the names of the Patients shall not be copied: and all Documents, kept by order of the Rules or of any Board, shall be the property of the Institution.

Note. A Key to the Official Books, Bills, Vouchers, &c. is left always in the House, so that they may be accessible to the Governors.
